

## Batch Mixers

### Capacity

1 - 8000 gallons.

### Workheads

Interchangeable workheads available for all models.

### Materials of Construction

Product contact parts in 316L stainless steel. Non-standard materials such as carbon steel or Hastelloy available on request.

### Motor Specification

1 - 200 hp, TEFC, washdown duty, explosion proof, ATEX approved and stainless steel motors available as standard.

### Mounting

All mixers can be supplied with either a rectangular or circular flange for mounting on the vessel. Smaller models can be mounted on specially constructed mobile hydraulic floor stands.

### Sealing

Where sealing is required, lip seals and single or double mechanical shaft seals can be supplied.

### Cleaning

Simple, easy-to-clean construction.
